NO FURTHER ACTION DETERMINATION FOR THE 800A PARCEL,
PHASE II GSA SALE AREA, NOVATO, CALIFORNIA

Dear Mr Call:

The Department of Toxic Substances Control (DTSC) and the Regional Water Quality Control Board, collectively the State, have reviewed the November 27, 1996 Site Investigation Report for the 800A Parcel, GSA Phase II Sale Area, Hamilton Army Airfield, Revision 0. Based on this document and the documents listed below, the State has determined that this property does not require further action and does not pose a threat to human health or the environment.

The documents used to determine the status of this site are:

October 1996 Final Preliminary Assessment Report,

November 27, 1996 Site Investigation Report for the 800A Parcel, GSA Phase II Sale Area, Hamilton Army Airfield, Revision 0,

January 10, 1997 Harding Lawson Associates 800A Parcel Site Investigation Letter Report, and

January 16, 1997 Harding Lawson Associates Supplemental Site Investigation Letter Report, GSA Phase II, 800A Parcel.

This group of documents are equivalent to the DTSC Preliminary Endangerment Assessment (PEA) process. The PEA process has documented that Parcel 800A has been thoroughly characterized and does not require additional action with respect to hazardous substances.

This no further action decision is based on information submitted to date. If new information is found during future activities, the State must be notified immediately so that a determination can be made if further action is warranted.

If you have any questions regarding this issue or any other issue at the Hamilton Army Airfield, please call the Project Manager, Mr. Raymond Leclerc, P.E., at (916) 255-3712.

Sincerely,

Anthony J. Landis, P.E.
